humor of the presentation which was

there were recitations and songs by
the individuals.

OLD-TIME GOLD
CURE-DRINK TEA!
Get a small package of Hamburg
Bread Tea, or as the German folks
call it, "Hamburgh Bread Tea," at
any pharmacy. Take a tablespoonful
of the tea, put a cup of boiling water
upon it, pour through a sieve and drink
a teacup full at any time. It is the
most effective way to break a cold and
cure grip, and the best of your throat,
breathing congestion. Also loosens the
bowels, thus breaking a cold at once.
It is inexpensive and entirely vegeta-
ble, therefore harmless.

IMPORTANT THINGS.

General Secretary Edwin Hill Speaks
on Importance of the Soul at Cut-
tery Gathering.

At the Y. M. C. A. meeting at the
Cuttery place Tuesday noon General
Secretary Edwin Hill spoke on Import-
ant Things, taking his text from Matt.
13:12, "He that hears and does not
keep, he shall be like unto a man that
buildeth his house upon sand."

While it is ever so important to this
world, the most important thing of all
is to care for the soul. The body is but
a brief period of time said Mr. Hill.

My text is the key to all happiness
and all true success. When the heart
is pure and the mind is clear, the soul
is at peace and the body is healthy.
The heart can be kept pure by the
wonderful grace of God as exemplified
in Jesus Christ and His saving and
keeping forever.

dolf is to pitch and Larry McLean will

Ugly pimples and blotches not only
disfigure the face but cause unpleas-

They are a form of eczema and

It was in just such conditions that
our new soothing, antiseptic skin
remedy, Sazo Salve, first proved its
great value. Apply it to your face
going to bed—only a few treatments
are necessary to show its marvelous
healing power.

A remarkable feature that gives
special value to Sazo Salve is its

Reports from Department Heads.

Mrs. Ellen Bishop reported for the
house committee relating that three
rooms had been renovated and repair-
ing in the house at No. 9 Washington
street during the year and repair work
on the building being shingled shortly.

Mrs. John Kukla reported for the
city mission, giving an interesting ac-
count of the work of the past year.
She stated that it was fifteen years
since this department had been allied
with the United Workers and that
there had been a steady growth in the
work ever since.

City Missionary's Report.

In his annual report City Missionary
Rev. C. A. Northrop spoke in part as
follows:

For nearly fifty years Norwich has
been doing organized charity work. It
gained its impetus from the days of
charity organization societies. It did social
service work before the term social
service was invented. There were un-
ited workers here before the United
Workers came into being. Mr. Northrop
then gave a brief history of the de-
partment of the City Mission, and
concluding, said:

Our work deals largely with families
and with individuals as related to fam-
ilies. We seek to make and main-
tain good homes. Hence, our work is
as varied as the family needs may be.
It may give material aid to tide over
unfortunate or unforeseen conditions
of child life, or married life, or ne-
ghood life, or public life. Its char-
acter is all service, whether they take
the form of money, food or fuel
orders, or advice or suggestion or
counsel.

The story of a year's work in our
City Mission department, or what
might be called referring to its be-
ginnings, our outdoor relief work,
noted in figures. A slight analy-
sis of the work of the past year, and
statements of why some benefits do
not benefit are all that can be given
here.

Our three special lines of work, fresh
air, Thanksgiving and Christmas,
have been carried on as usual. Thank-
sgiving dinners were held at about 160
families, comprising 320 members. The
usual barrels of provisions from the
school children, and cash contributions
from these and other friends enabled
us to render this amount of aid, with
only a small financial deficit.

Number of children of friends pro-
vided means for warm clothing, cheer-
ful toys for Christmas, as in former
years. The same may be said of the
contributions for the fresh air fund,
whereby we were able to give trolley
and boat rides to 120 persons in 50
families at a cost of \$60.

Aside from these special lines, we have
in our regular work aided 51 families
and we seek to make and main-
tain good homes. In food, fuel, nursing,
clothing and other ways.

Three Groups.
These three groups, which naturally in-
volve the work of the City Mission,
with which they are helped.

The first group has ten families.
They have all been aided every
month during the year, at a mon-
ey cost for each family from \$48 to \$96
during the year, of about \$700. This
help has been chiefly in food and fuel.
Of these ten families, numbering 22
members, nine contain aged or invalid
people. There are only four men in
these families, all of them unable to
work.

A second group has 11 families.
These have been aided for a period
less than a year from 1 to 10 months,

secretary, Mrs. Frederic W. Cary; vice
secretary, Mrs. Wallace Allen; Mrs.
E. A. Tracy; vice presidents for two
years, Mrs. Lucius Brown, Mrs. Mary
G. Osgood, Mrs. Thomas J. Wattles;
for one year, Miss Juliette Doane, Mrs.
C. W. Gale, Mrs. H. L. Stanton; au-
ditors, Isaac S. Johnson, John P. Hun-
tington; advisory committee, A. G.
Brower, Charles R. Butts, C. G. Gale,
Frank H. Healey, L. L. Johnson and
John P. Huntington.

A vote of thanks was extended Miss
MacDonald and the church. The meet-
ing closed with the singing of a hymn.

BAKED ICE CREAM WAS NO JOKE.

Demonstrated by Miss Hanko at Bul-
letin Cooking School—Highly In-
structive Lecture Upon Child Feed-
ing.

The Bulletin cooking school, which
on Monday overflowed the capacity of
Y. M. C. A. hall, had an even larger
attendance on Tuesday afternoon at
Olympic hall, to which it has been
transferred for the rest of the week.
The nearly 800 women present took up
the seats, with only one or two
seats left over, but for today more
chairs will be provided to accommo-
date the growing number of women
who are eager to attend the cooking
school.

By some great hustling on the part
of the managers of the school, with
invaluable cooperation from the men
of the Norwich gas department, and
the city of Norwich, Olympic hall
was gotten in readiness, the biggest
workshop to be run in a line of gas pipe
for the city of Norwich.

Those who arrived early were enter-
tained by the Victrola programme from
the Plant addition. Miss Hanko con-
tinued to be an attractive feature of
each day.

Probably the most vital topic which
is absorbing the interest of educators,
physicians and mothers at the present
time is that of Better Babies. That
nourishment and lack of nourishment
is one of the most important elements
in connection with this topic is pretty
well agreed upon by all. The Bulletin
Cooking School in Olympic hall on
Tuesday afternoon was therefore most
timely.

Miss Hanko proved herself to be an
authority on the subject of child feed-
ing. She showed the relative value
of mothers' milk and prepared
foods for infants and said where artifi-
cial food must be resorted to it should
not be used in a haphazard manner.
She showed just what elements are
contained in the different foods suit-
able for babies, and proved that this
knowledge is of great value to moth-
ers. She discussed the subject inter-
estingly and took up the matter of
foods for school children, showing how
this has helped on the child's men-
tal attainment.

Prepared Fine Menu.

It would have been difficult for a
less entertaining speaker than Miss
Hanko to represent the subject of child
feeding Tuesday, for all the while
she was speaking delicious odors and
suggestions of good food were being
drifted into the kitchen in the rear of
Miss Hanko's lecture platform. These
odors strongly suggested chicken, and
later developed that Miss Hanko
was baking a chicken in the fireless
cooker. An inspection of Miss Hanko's
cuisine department proved that she is
an ardent disciple of cleanliness and
sanitation. After Miss Hanko had
talked to the effect of how to feed
children she at once began the
preparation of some delicious dishes
for the table. The subject of child
feeding was discussed by Miss Hanko
and the audience. The chicken was
just about the most temptingly
browned fowl that was ever eaten, and
the vegetables were cooked with
suggested creamed vegetables and car-
ried out the suggestion by showing how
best to prepare them.

Doughnuts, Lemon Pie, Cold Cake.

She also made some doughnuts
which were of the digestible sort that
even children may be permitted to
eat. The subject of child feeding was
discussed by Miss Hanko and the au-
dience. The chicken was just about
the most temptingly browned fowl that
was ever eaten, and the vegetables
were cooked with suggested creamed
vegetables and carried out the sugges-
tion by showing how best to prepare
them.

Perhaps the most remarkable recipe
Miss Hanko has is that of baked ice
cream and this she demonstrated to
the great satisfaction of her cooking
school. She said that she had never
before, and that it was a very
difficult to prepare, and this extraor-
dinary recipe will doubtless become very
popular in Norwich.

Wednesday Menu.

Miss Hanko will lecture Wednesday
afternoon on Dietary Standards and
Balanced Menus. Her menu will in-
clude:

Creamed Chicken
Timbale Molds
Dresden Patties
Potatoes au Gratin
Unfried Apple Pie
Napoléon
Banbury Tart
The hour for the school will be the
same as before, doors opening at 1:30.
Lecture-demonstration at 2:30, with
free admission to all women who
come.

In her lecture is to be the Victrola
programme for this afternoon:
O Sole Mio—Cornel solo..... Rinaldi
Marie, Maria..... Vessella's Italian Band
O Sole Mio..... Colazzo-Silich
Battistini
The Rosary (Nevin)
Down by the Dead Sea
Proch's Air and Variations

Farmers' Institutes.

In connection with Vernon grange,
No. 52, the advisory board of Farm-
ers' Institutes of the state board of
Agriculture will hold an institute Wed-
nesday, Feb. 11, at Grange hall, Ver-
non, at 11 o'clock when there will be
a lecture-demonstration at 2:30, with
free admission to all women who
come.

The following is to be the Victrola
programme for this afternoon:
O Sole Mio—Cornel solo..... Rinaldi
